Jessie McCormack

Full-Stack Software Engineer

jesslynn.mack@gmail | (770)608-9552 | github.com/jesslynnmack | jessicamccormack.tech

Relevant Experience

Full-Stack Developer @Summit Professional Education

August 2022 - PRESENT // Nashville, TN

▹ Led development and maintenance of web platforms, focusing on both front-end and back-end, for optimal user experience and system performance.
▹ Designed responsive UIs and robust backend services using vue, nuxt, tailwind, javascript, java, SQL, node, AWS and jenkins.
▹ Implemented serverless functions with AWS lambda to enhance scalability and reduce costs.
▹ Established CI/CD pipelines, automating testing and deployment to accelerate development cycles.
▹ Provided mentorship to junior developers, promoting a culture of innovation and continuous learning.

Front End Developer @Summit Professional Education

August 2020 - August 2022T // Nashville, TN

▹ Work closely with back-end developers and stakeholders to meet project requirements, goals, and desired functionality
▹ Designed and developed full component library using vue.js and tailwind.css for easier future onboarding and development
▹ Designed and developed new online education platform from project planning to finish using vue.js, nuxt and tailwind.css
